**NEW SIGNALS AT BETHEL CROSSING** — Flashing signals were installed Wednesday at the grade crossing in Bethel village by the Canadian National Railroad. In the memory of the majority of local citizens only a

crossing sign, a flashing-light and bell combination marked the crossing. This past summer highway markings had been painted in three locations adjacent to the crossing. The signals may lessen the hazard at this location.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Town Office will be closed Wednesday, October 25th so that the manager and deputy tax collector, Mrs. Eames may attend the annual Maine Municipal Association convention in Portland. Mrs. Bennett, town clerk, will also attend. These sessions are very helpful to all town officials, as they instruct us in the application of new laws and refresh our minds in regard to the old ones. There are copies of a booklet containing the Zoning Ordinances available at the manager's office for anyone interested. A copy will be mailed if requested. Subdivision regulations will be available under a separate cover. The tax acquired property the town offered for sale has been sold to the highest bidder except for one parcel which the selectmen did not feel should be sold at this time.

**EXPRESS TRAILER DEMOLISHED** — The trailer of a tractor-trailer combination owned by Sanborn's Motor Express was demolished and the tractor damaged when struck by a freight train last Friday afternoon. The unit was crossing the tracks of the Canadian National Railroad toward Route 2 from Harold Carver's in Skillington, when the

accident occurred, spilling its cargo, principally dowels. Reportedly losing traction on loose gravel, the truck was unable to move and was struck by a west-bound freight. The rear portion of the trailer came to rest north of the tracks. The driver, Roger Strout, escaped the cab before the crash. Mr. Strout is shown above right.

## SEVEN COUNTY ACCOUNTS OVERDRAWN AT END OF SEPTEMBER

Despite cutbacks in several areas, Oxford County controversial Economic Development office once again faces another overdraft.

A third quarter financial report released Monday by County Treasurer Armand Fortier at Rumford showed the department has already overspent its \$20,000 appropriation for 1967, by \$2,537.54. And three months still remain in the fiscal year.

The development office's budget was cut from \$32,000 to \$20,000 last January when the biennial budget was prepared.

In the first 12 months of operation, the office spent \$46,204.50. This was followed by \$36,342 up to the budget period ending last Dec. 31.

Director Sam Michael of Auburn said last week he had cut back in traveling, phone bills, office expenses and noted a staff member had been out from the payroll last May.

The staff member, former Assistant Director Alfred E. Wallen, is suing Oxford County for \$10,000 as a result of his release. He claims a valid four year contract paying him \$3,000 a year was broken by the county commissioners.

The department continues to maintain a secretary whose salary is drawn from the clerk-hire account.

Fortier's financial statement showed seven county accounts overdrawn at the end of September.

The largest overdraft was in the office of county at-large, \$1,632.70 above its \$2,500 appropriation.

## SAFETY COMMITTEE SAYS BETTER COMMUNICATIONS IN SEAT BELT USE NEEDED

The Highway Safety Committee reported a definite need for better communications concerning the use of seat belts.

A Committee spokesman said a prepared news release that seat belts are now in an estimated 40% of automobiles in the State, and that the value of their use is extremely underestimated. According to the spokesman, "at least waves tales about being trapped, or about being injured more from the use of a seat belt is not the problem in other States." He said that Maine lags behind in this type of propaganda, and should take immediate steps to catch up.

The Committee contends that most citizens elsewhere in the country are at least partially convinced that seat belts prevent death and injury, but simply refuse to use belts because they are not convinced that an accident could happen to them.

The Committee spokesman said that study of traffic accident statistics definitely shows that the injuries were sustained as a result of a "secondary" collision within the vehicle, and if the occupant had been held in place, the injury would not have happened. A sure stomach is a better way to stay in place for a serious crash or for a severe jolting vibration as a result of going through a washbowl, as most vehicles do," he said. He also pointed out that being thrown from a vehicle and dismembered along the pavement or against rocks and debris is the greatest cause of death. The committee is that if a person stays within the vehicle, he or she is protected with a circle of steel and metal and this is better than any other form of all.

## PROTECT YOUR DOGS AND CATS AGAINST RABIES!

Rabies in foxes and a flock of sheep has been disclosed in Franklin and Oxford counties during the past year.

Immunizing all dogs and cats against rabies is one of the ways to prevent the spread of this dangerous infection among domestic animals and perhaps to human beings.

If you have a dog or dogs, 4 months old or older, which have not already been immunized against rabies within a year, you are urged to bring them to the free clinic listed below, to be vaccinated against rabies. Dogs vaccinated against rabies within a year may be brought in for a "booster shot" if the owner so desires. A State Veterinarian will be on hand to vaccinate the dogs and cats without charge.

Caution: Owing to the presence of rabies, children should be discouraged in handling or making pets of wild animals.

Free Vaccination Clinic Schedule in this area:

### HE CARES

My Savior cares!  
Let me not grow fainthearted  
Let me not fall  
Along the pilgrim way.  
His ear still hears,  
His arm is strong to help me.  
His love sustains  
However rough the day.  
Be strong, my heart!  
Though tests come unawares,  
There is no need to fall Him,  
Because my Savior cares!

ficial Board of the Methodist  
Church a request by the Catho-  
lic Church in Bethel was dis-  
cussed and approved. The Catho-  
lic Church will begin holding  
meetings in the church annex  
Thursday evenings beginning  
today, and Saturday mornings for  
three consecutive weeks at 10:00  
A. M. for the children. Father  
Morrey is coming from Rum-  
ford on these occasions.

**COUNTY FINANCES**  
continued from Page One  
rich said the overdraft was cre-  
ated, for the most part, by the  
July 4 Oxford fire which took  
the lives of eight people. He cited  
the expense of eight autopsies  
performed, along with numerous  
analyses performed on the victims  
and the ruins of the structure  
they died in.

In attempting to determine the  
exact cause of the fire Aldrich  
said tests were given to walls,  
floors, contents of the building  
and wiring. This kind of investi-  
gation can cost up almost a full

## G. A. RUNNERS VICTORIOUS

**IN WESTERN MAINE MEET**  
The Gould Academy cross-  
country team, under the direction  
of Frank Vogt, outlasted all oth-  
ers and came through with its  
seventh consecutive victory in  
the annual Western Maine Con-  
ference meet held at Gould last  
Thursday. Finishing behind Gould  
were teams representing Frye-  
burg Academy, Oxford Hills,  
Bridgton, Buckfield, Dixfield  
and Mechanic Falls.

On Tuesday, the Gould barriers  
felt the sting of defeat when they  
finished third in a meet at the  
Academy which was won by He-  
bron Academy followed by Far-  
mington in second place.

The team will participate in the  
State Qualifying Meet at Farm-  
ington on Thursday and then  
on Monday, Oct. 23, will journey  
to Farmington again, this time to  
take part in the Mountain Valley  
League Meet.

Arington, Wash., Times: "Some  
seem to dream along from  
year to year, giving little atten-  
tion to what is being done by el-  
ected officials and then come up  
screaming when an announce-  
ment is made concerning public  
services that might affect their  
pocketbooks."

**TOUGH JOB** — It's often hard  
enough to choose between two  
pumpkins at Jack-o-lantern time  
but when a fellow has to pick  
just the right one from a pile this

size the task seems just about  
impossible. Above, Kurt Brown,  
think he has picked the one he  
wants from the large crop at  
Edmund Smith's farm in Mason

## PVT. EVERETT COMPLETES

**COURSE AT FT. JACKSON**  
Army Private Robert A. Ever-  
ett, 10, son of Mr. and Mrs.  
James E. Everett, Jr., Route 2,  
Bethel, Maine, completed a  
wheeled mechanic course Oct. 13  
at Ft. Jackson, S. C.

During the course, he was  
trained to repair internal com-  
bustion engines and wheeled ve-  
hicle chassis components. Instruc-  
tion was given in the fundamen-  
tals of electrical and transmission  
systems.

year's appropriation, he said.  
Aldrich also indicated some ex-  
pense in the recent investigation  
by the state's Attorney General  
into the affairs of former Ox-  
ford County Sheriff Lester C.  
Horton. He said, however, the  
last investigation did not re-  
sult in much expense.

The account covering county  
commission expenses is over-  
drawn 100 per cent after nine  
months of 1967. The three-man  
panel was appropriated \$1,200.  
They have spent \$2,403.69.

Other overdrafts included the  
humane officer account, budget-  
ed for \$500 and spending \$923.35;  
the auditor's account, budgeted  
at \$600 and spending \$2,567.47;  
and the firemen's insurance ac-  
count, set at \$2,500 and overex-  
pended by \$226.20.

Also overdrawn is the miscel-  
laneous account. The latter was  
set at \$1,500 and is \$47.63 over  
that amount.

The sheriff's department, fre-  
quently a target for county op-  
position hecklers during the past  
two years and nine months of  
Democratic administrations, was  
well in the black after nine  
months of 1967.

With a budget of \$69,000, the  
department shows a nine-month  
balance of \$10,935.17. Its affilia-  
ted account for support of prison-  
ers still had \$1,110 of its \$23,000  
annual appropriation left Sept. 30.

The overdraft could present  
a further problem to county com-  
missioners other than the obvi-  
ous one of where to get the money  
to make accounts balance by  
the end of the year.

A state law calling for the  
county to observe line budgeting  
went into effect earlier this  
month. Failure to meet the law  
in maintaining departmental op-  
erations within set limits  
makes the county commissioners  
liable to fines.

County Attorney Aldrich said  
he was uncertain how the law  
would affect the 1967 county  
budget because nine months in  
the budget year expired before  
the new statute took effect.
